COSAPOTS

EVERYTHING A GALLERY

Inspiration is everywhere. On every corner. In every street. Shapes. Materials. Patterns. Our architects use this inspiration to design our unique Cosapots collection; handcrafted excellence in large size planters. Designed for impact, build to last.

Cosapots is a high end brand in flowerpots and planters where perfection and care are keywords. All Cosapots are designed by architects and constructed by highly skilled craftsmen. Every piece takes about 3 days to finish and are 100% handmade.

COSAPOTS

THE DESIGN EXPLAINED

Visual effect
thanks to the inward rim, there is given an extra dimension to the appearance of the plant or tree

Structural solidity
The high inward rim makes the pot very strong

Easy to repot
thanks to unique thin rim

Strong, frost resistant and impermeable
Thanks to the Cohesa material
(Cohesa is made of the best quality polyester, fiber glass and natural additives)

Natural look
made by hand + easy to move thanks to the lightweight Cohesa material

Raised bottom
So excess water can flow away underneath the pot.

Waterproof plug
(Standard delivered without plug)

COSAPOTS

UNIQUE TEXTURE EXPLAINED

Every pot is handmade by highskilled craftsmen and is a unique piece of art. The natural stone look is achieved by mixing carefully selected high quality materials and natural colorants.

Calcium carbonate

Ultra fine sand

Calibrated sand

High quality natural colorants

COSAPOTS

UNIQUE STRENGHT EXPLAINED

Built to last, built like a yacht. Cosapots are made from the best polyesters combined with high quality fibreglass, exactly how boats are made, strong. On the inside, Cosapots are provided with vertical and horizontal reinforcements.
